

Draft Recommended Network

Frequency (minutes between buses) at midday on a weekday

- Trolley
- 15 minutes
- 20 minutes
- 30 minutes
- 60 minutes
- 120 minutes
- Line continues at lower frequency
- Demand responsive service from SW TC

The Draft Recommended Network is based on public and stakeholder input on concepts developed for the Memphis 3.0 Transit Vision. The network will be implemented in 2022, if the city invests an additional \$30 million per year in transit.
