Proposals shall be securely sealed to prevent access prior to the Proposal closing date. Proposals shall be clearly marked with the enclosed label attached.

## 5.0 PROPOSAL EVALUATION

- 5.1 MATA will appoint an evaluation committee to evaluate Proposals and recommend the top ranked proposer. The committee will apply those evaluation criteria set forth in the Proposals or in addenda that maybe be issued. An evaluation criterion is deemed to include any unstated "sub criterion" that logically might be included within the scope of the stated criterion.
- 5.2 The evaluation committee will likely request interviews with the short-listed firms.
- 5.3 MATA reserves the right to enter into negotiations with the top ranked proposer without requesting interviews.
- 5.4 Proposals will be evaluated as "Best Value" per the Federal Transit Administration's (FTA) Circular 4220.1F and Best Practices Manual, defined as follows:

"Best Value" is a selection process in which proposals contain both cost and qualitative components, and award is based upon a combination of cost and qualitative considerations. Qualitative considerations may include technical design, technical approach, quality of proposed personnel, and/or management plan. The award selection is based upon consideration of a combination of technical and cost factors to determine (or derive) the offer deemed most advantageous and of the greatest value to the procuring agency.

MATA will make the award to the responsible Proposer whose proposal is most advantageous. Accordingly, MATA may not necessarily make an award to the Proposer with the highest technical ranking nor award to the Proposer with the lowest Cost Proposal if doing so would not be in the overall best interest to MATA.

The overall criteria listed below are listed in relative order of importance. As proposals are considered by MATA to be more equal in their technical merit, the evaluated cost becomes more important so that when technical proposals are evaluated as essentially equal, cost may be the deciding factor. Technical factors as a whole are more important than cost. Proposals will be evaluated on the basis of the following factors in the following order of priority:

- |    |                                    |    |
|----|------------------------------------|----|
| A. | 1. Experience and Past Performance | 30 |
|    | 2. Qualifications of Employees     | 20 |
|    | 3. Understanding the Project       | 20 |
|    | 4. Conformance to the RFP          | 20 |

The Evaluation Committee will make an initial review of the Proposals to eliminate those that do not comply with the minimum submittal requirements. The committee will establish a competitive range of responsive proposals that would provide MATA the best value to meet the needs and terms of the solicitation. The Evaluation Committee may require firms in the competitive range to appear before it for an interview.

- 5.5 Negotiations will be in conformance with applicable federal, state, local laws, regulations and procedures. The objective of the negotiations will be to reach agreement on all provisions of the proposed contract, including contract cost. MATA reserves the right to request documentation supporting the proposed contract cost including overhead rates for the firm and subcontractors. Such information can include, but not be limited to:
- a. An overview of the accounting system and its capability to track project costs.
  - b. Charts of accounts including a definition of what is included in each account.
  - c. A statement indicating the basis of the overhead rate and whether it is historical information of projections. (The proposer will certify that the overhead burden rate separates direct and indirect charges and that indirect charges do not include any unauthorized charges for Federal Acquisition Regulations, Part 31.)

## **6.0 AWARD OF CONTRACT**

- 6.1 The contract will be awarded to the responsible proposer whose Proposals is most advantageous to MATA as determined by ranking on the evaluation criteria and results of negotiation.
- 6.2 MATA reserves the right to reject any and all Proposals or waive informalities and irregularities in offers received. MATA reserves the right to award multiple contracts.
- 6.3 A written notice of award or Acceptance of Offer, mailed or otherwise furnished the Successful Proposer within the time specified in the Proposals, shall be deemed to result in a binding contract.

## **7.0 PROTEST**

- 7.1 MATA will consider all protests filed in a timely manner regarding the award of a contract. All protests are to be submitted in writing, in accordance with the protest procedures described in the General Contract Provisions.

## **8.0 DISADVANTAGED BUSINESS ENTERPRISE**

### **8.1 GENERAL DBE INFORMATION**

- A. The Memphis Area Transit Authority (MATA), a recipient of Federal financial assistance from the Federal Transit Administration, is committed to and has adopted a Disadvantaged Business Enterprise Policy in accordance with Federal Regulations (49 C.F.R. Part 26, as amended) issued by the U.S. Department of Transportation. It is the policy of MATA to ensure nondiscrimination in the award and administration of DOT-assisted contracts and to create a level playing field on which DBEs can compete fairly for contracts and subcontracts relating to its activities.

To this end, MATA has developed procedures to remove barriers to DBE participation in the Proposal and award process and to assist DBE firms to develop and compete successfully outside of the DBE program. In connection with the performance of this contract, the Prime Contractor will cooperate with MATA in meeting these commitments and objectives.

Accordingly, the Prime Contractor and any subcontractors shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The Prime Contractors and subcontractors shall carry out applicable requirements of 49 C.F.R. Part 26 in the award and administration of DOT-assisted contracts. Failure by the Prime Contractor and any subcontractors to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy, as MATA deems appropriate.

Only certified Disadvantaged Business Enterprises can be counted toward the goal. Participation by certified "Minority Business Enterprises" (MBE) or certified "Woman Owned Business Enterprises" (WBE) cannot be counted toward the goal. While participation by MBEs and WBEs is encouraged, MATA is governed by the U.S. Department of Transportation program which only recognizes the designation of DBE.

DBEs must be certified in Tennessee.

MATA is a member of the Tennessee Unified Certification Program (TN UCP) and accepts Tennessee DBE certifications from the following entities:

Memphis Area Transit Authority

Tennessee Department of Transportation Unified Certification Program

Uniform Certification Agency (managed by the Mid-South Minority Business Council)

A list of firms currently certified in Tennessee can be found at:

[www.tdot.state.tn.us/dbedirectinternet/](http://www.tdot.state.tn.us/dbedirectinternet/)

Certification in the State of Tennessee must be achieved by the time the proposals are due otherwise the participation of a proposed DBE firm cannot be counted toward the goal. If a proposed DBE firm is not certified at the time the proposals are due and, as a result, the goal is not met, then the Proposal will be considered "non-responsive" and rejected unless the good faith efforts have been accepted as satisfactory.

It is highly recommended that a copy of a current certification of Disadvantaged Business Enterprise issued by the Tennessee Department of Transportation or the Uniform Certification Agency be included with the offer for each DBE firm being proposed.

## 8.2 DBE GOAL

### A. Annual Overall Goal for DBE Participation

An annual overall goal for DBE participation in Owner U.S. DOT-assisted contracts is established by MATA's DBE Officer and approved by MATA's Board of Commissioners on a fiscal year basis. These goals reflect the availability of ready, willing and able DBEs that would be expected to participate in Owner contracts absent effects of discrimination. The goals are calculated as a percentage of the total amount of U.S. DOT funds that the Owner expects to expend on contracting opportunities during the fiscal year.

### B. DBE Goal Applicable to This Contract

MATA has established a specific DBE goal of 9% for this contract. However, DBE participation is encouraged either the capacity of the prime contractor or subcontractor. Proposers are required to document their activities in the solicitation and selection of subcontractors to ensure that this process is carried out in a nondiscriminatory manner.

### 8.3 DBE ELIGIBILITY AND PARTICIPATION

#### A. Evaluation of DBE Certification Status

MATA shall require that any DBEs listed by proposers for participation in the contract be certified, as eligible DBEs at the time of Proposal submittal. The DBE Officer shall review the Proposer's DBE Participation Form to confirm each DBE firm's certification status.

#### B. Determination of Amount of DBE Participation

Only the work actually performed by a DBE with its own forces will be counted as DBE participation. A DBE may participate as a prime contractor, subcontractor, joint venture partner, or vendor or supplier of materials or services required by the contract.

A DBE's participation can only be counted if it performs a commercially useful function on the contract. A DBE performs a commercially useful function when it actually performs, manages and supervises a portion of the work involved. There is a rebuttable presumption that if the DBE is not responsible for at least 30% of the work with its own forces, or subcontracts a greater portion of the work than the normal industry standard, it is not performing a commercially useful function. A DBE trucking company performs a commercially useful function if it is responsible for the overall management and supervision of the transportation services involved and uses at least one truck that it owns, insures and operates with its own employees on the contract.

The Contractor shall count DBE participation according to the following guidelines and in accordance with 49 CFR § 26.55:

- i. DBE Prime Contractor - Count the entire dollar amount of the work performed or services provided by the DBE's own forces, including the cost of materials and supplies obtained for the work and the reasonable fees and commissions charged for the services. Do not count any work subcontracted to another firm as DBE participation by the DBE Prime Contractor.
- ii. DBE Subcontractor - Count the entire amount of the work performed or services provided by the DBE's own forces, including the cost of materials and supplies obtained for the work, except for materials and supplies purchased or leased from the Prime Contractor, and reasonable fees and commissions charged for the services. Do not count any work subcontracted by the DBE Subcontractor to another firm as DBE Participation by said DBE subcontractor. If the work has been subcontracted to another DBE, it will be counted as DBE participation for that other DBE.
- iii. DBE Joint Venture Partner - Count the portion of the work that is performed solely by the DBE's forces or, if the work is not clearly delineated between the DBE and the joint venture partner, count the portion of the work equal to the DBE's percentage ownership interest in the joint venture.
- iv. DBE Manufacturer - Count 100% of the costs of materials and supplies obtained from a DBE manufacturer that operates or maintains a factory that produces the materials and supplies on the premises. This applies whether the DBE is a prime contractor or subcontractor.
- v. DBE Regular Dealer - Count 60% of the costs of materials and supplies obtained from a DBE regular dealer that owns, operates or maintains a store or warehouse in which the materials and supplies are regularly bought, kept in stock and sold or

leased to the public in the usual course of business, except regular dealers of bulk items such as petroleum, cement and gravel who own and operate distribution equipment in lieu of maintaining a place of business. This applies whether a DBE is a prime contractor or subcontractor.

- vi Other DBEs - Count the entire amount of fees or commissions charged for assistance in procuring or delivering materials and supplies when purchased from a DBE that is not a manufacturer or regular dealer. Do not count the cost of materials and supplies.
- vii DBE Trucking Company - Count the entire amount of the transportation services provided by a DBE trucking company that performs the work using trucks it owns, insures and operates with its own employees on the contract.

Count the entire amount of the transportation service provided by a DBE trucking company that performs the work using trucks it leases from another DBE, including an owner-operator, provided that it is responsible for the overall management and supervision of the service and that it uses at least one truck that it owns, insures and operates with its own employees on the contract.

Count the entire amount of fees and commissions charged for providing the management and supervision of transportation services using trucks it leases from a non-DBE trucking company, including owner-operator, provided that it is responsible for the overall management and supervision of the service and that it uses at least one truck that it owns, insures and operates with its own employees on the contract.

**UTILIZATION OF DISADVANTAGED**  
**BUSINESS ENTERPRISES**

## Utilization of Disadvantaged Business Enterprises

### 1. **Policy and Terms**

- a. It is the policy of the Memphis Area Transit Authority (MATA) that Disadvantaged Business Enterprises (DBE) as defined in the United States Department of Transportation (USDOT) Regulation 49 C.F.R. Part 26 shall have the maximum opportunity to participate in the performance of contracts financed in whole or in part with federal funds.
- b. Refer to Section A, 8.0 for DBE requirements.
- c. The DBE participation goal shall be expressed as a percentage of the total Contract price. The Proposer may also meet the goal by showing good faith efforts to meet the goal as described in 49 C.F.R. Part 26 and as set forth in Section D. Any evidence of good faith efforts must be submitted with the sealed proposal or the proposal will be rejected in its entirety.
- d. The DBE participation goal shall apply to the total dollar value of this contract, inclusive of all amendments, modifications, and change orders. The Proposer agrees to make its best efforts to include DBE participation in any contract modification work.
- e. The goal may be met, as further explained in Section D hereof, by the Proposer's status as a DBE, by a joint venture with one or more DBEs, by subcontracting a portion of the work to one or more DBEs, by the purchase of materials used in the performance of the contract from one or more DBEs or by any combination of the above or through a showing of good faith efforts as defined in Section D hereof.
- f. A Proposer who fails to meet the DBE goal and fails to demonstrate sufficient good faith efforts shall not be eligible to be awarded the contract. All documentation of good faith efforts by a Proposer must be included in the envelope or package containing the bid.
- g. MATA prohibits agreements between a Proposer and a DBE in which the DBE promise not to provide subcontracting quotations to other Proposers.

### 2. **Definitions**

- a. Disadvantaged Business Enterprise (DBE) means a small business concern (a) which is at least 51% owned by one or more socially and economically disadvantaged individuals, or, in the case of any publicly-owned business, at least 51% of the stock of which is owned by one or more socially and economically disadvantaged individuals; and (b) whose management and daily business operations are controlled by one or more of the socially and economically disadvantaged individuals who own it.
- b. "Good Faith Efforts" means efforts to achieve a DBE contract goal as specified in 49 C.F.R., Part 26 and Section D hereof.
- c. "Joint Venture" means an association of two or more businesses to carry out a single business enterprise for profit, and for which purpose they combine their expertise, property, capital, efforts, skill and knowledge. Proposers may develop joint venture agreements as an instrument to provide participation by DBEs in contract work. A joint venture seeking to be credit for DBE participation may be formed among DBE firms or between a DBE firm and non-DBE firm.
- d. "Small Business Concern" means a small business as defined pursuant to Section 3 of the Small Business Act and relevant regulations promulgated pursuant thereto, including

Title 13 C.F.R., Part 121, except that a small business concern shall not include any concern or group of concerns controlled by the small socially and economically disadvantaged individual or individuals which has annual average gross receipts in excess of \$16.6 million over the previous three (3) fiscal years, as such figure may thereafter be adjusted by the Secretary of the DOT.

- e. "Socially and Economically Disadvantaged Individuals" means any individual who is a citizen of the United States (or lawfully admitted permanent residents) and who is in the following groups, the members of which are rebuttably presumed to be socially and economically disadvantaged:
1. "Black Americans" (which includes persons having origins in any of the black racial groups of Africa);
  2. "Hispanic Americans" (which includes persons of Mexican, Puerto Rican, Cuban, Dominican, Central or South American, or other Spanish or Portuguese culture or origin, regardless of race);
  3. "Native Americans" (which includes persons who are American Indians, Eskimos, Aleuts, or native Hawaiians);
  4. "Asian-Pacific Americans" (which includes persons whose origins are from Japan, China, Taiwan, Korea, Laos, Cambodia (Kampuchea), the Philippines, Brunei, Samoa, Guam, the U.S. Trust Territories of the Pacific (Republic of Palau), and the Commonwealth or the Northern Marianas Islands, Macao, Fiji, Tonga, Kiribati, Juvalu, Nauru, Federated States of Micronesia or Hong Kong; and
  5. "Subcontinent Asian-Indian Americans" which includes persons whose origins are from India, Pakistan, and Bangladesh, Bhutan, the Maldives Islands, Nepal or Sri Lanka.
  6. Women.
  7. Any additional groups whose members are designated as socially and economically disadvantaged by the Small Business Administration (SBA) at such time as the SBE designation becomes effective.
- f. "USDOT" or "DOT" refers to the U.S. Department of Transportation.

### **3. Counting DBE Participation Toward the Contract Goal**

The inclusion of any DBE by the Proposer in its proposal documents shall not conclusively establish the Proposer's eligibility for full DBE credit for the firms' participation in the contract. The Compliance Officer, DBE Program, will determine the amount of DBE participation credit based upon an analysis of the specific duties, which will be performed by the DBE.

The Proposer may count toward its DBE goal only expenditures to firms which are currently certified by the Uniform Certification Agency or the Tennessee Department of Transportation and which perform a commercially useful function. A firm is considered to perform a commercially useful function when it is responsible for the performance of a distinct element of the work and carries out its responsibilities by actually performing, managing, and supervising the work involved.

To evaluate whether the firm is performing a commercially useful function, the Compliance Officer, DBE Program will evaluate the amount of work subcontracted, industry practices, and other relevant factors. The Compliance Officer, DBE Program reserves the right to deny or limit DBE

credit to the Proposer where any DBE is found to be engaged in substantial pass-through activities with others.

DBE participation shall be counted toward the DBE goal in the contract as follows:

- a. Once a DBE is determined to be eligible in accordance with these rules, the total dollar value of the contract awarded to the DBE may be counted toward the DBE goal except as follows:
- b. A Proposer may count toward its DBE goal that portion of the total dollar value of a contract with an eligible joint venture equal to the distinct, clearly defined portion of the work of the contract that the DBE performs with its own forces.
- c. Consistent with normal industry practices, a DBE may enter into subcontracts. If a DBE prime contractor subcontracts more than thirty percent (30%) or a significantly greater portion of the work of the contract that would be expected on the basis of normal industry practices, the DBE shall be presumed not to be performing a commercially useful function. Evidence may be presented by the Proposer involved to rebut this presumption.
- d. When a DBE subcontracts a part of the work under the contract to another firm, the value of the subcontracted work may only be counted towards the DBE goal if the DBE's subcontractor is itself a DBE. Work that a DBE subcontracts to a non-DBE firm does not count toward the DBE goal.
- e. The Proposer may count one hundred percent (100%) of its expenditures for materials and supplies required under the contract and which are obtained from a DBE manufacturer toward the DBE goal. The Proposer may count sixty percent (60%) of its expenditures for materials and supplies under the contract obtained from a DBE regular dealer towards its DBE goal. The terms "manufacturer" and "regular dealer" are defined in 49 C.F.R. Part 26.55(e)(1)(ii) and (2)(iii).
- f. The Proposer may count towards its DBE goal expenditures to DBEs which are not manufacturers or regular dealers, such as fees or commissions charged for services and assistance in the procurement of essential personnel, facilities, equipment, materials or supplies and transportation charges as set forth in 49 C.F.R. Part 26. However, the Compliance Officer, DBE Program must determine the fee or charge to be reasonable and not excessive as compared with fees or charges customarily allowed for similar services.
- g. Proposer must use good business judgment when negotiating with subcontractors and take a DBE's price and capabilities into consideration. The fact that there may be some additional costs involved in finding and using DBE firms is not sufficient reason to fail to meet the DBE goal set forth in the contract, as long as such costs are reasonable.

#### **4. DBE Substitutions**

- a. Arbitrary changes by the Contractor of the commitments previously indicated in the Schedule of DBE participation are prohibited. No changes may be made to the DBE firms listed on this schedule after the opening of proposals but prior to contract award. Further, after entering into each approved DBE subcontract, the Contractor shall neither terminate the subcontract, nor reduce the scope of the work to be performed by the DBE, nor decrease the price to the DBE, without receiving prior written approval of the Compliance Officer, DBE Program. Such approval is required even if the DBE agrees with the change to the DBE's contract desired by the Contractor.
- b. It may become necessary, at times, to substitute a new subcontractor in order to complete

the contract work. The substitution procedure to be followed is:

1. The Contractor must immediately notify the Compliance Officer, DBE Program, in writing, of the proposed substitution of subcontractor. The Contractor's notification must include the specific reasons it intends to reduce the scope of or terminate a DBE subcontract; adequate documentation to support the Contractor's proposed action; and a proposed substitute firm to complete the DBE's portion of work.
2. The following is a non-exclusive list of the types of reasons, which justify substitution: the DBE was found not to be able to perform, or not to be able to perform on time; the DBE's work product was not acceptable; the DBE demands an unreasonable escalation of its price.
3. The following is a non-exclusive list of the types of reason which do not justify substitution: a replacement firm has been recruited by the Contractor to perform the same work under more advantageous terms; performance issues by the DBE were disputed and every reasonable effort to have the dispute resolved or mediated has not been taken; the DBE has requested a reasonable price escalation which may be justified due to unforeseen circumstances (e.g. a change in scope of DBE's work).
4. If the subcontractor to be substituted for the DBE is not a DBE, the Contractor must show adequate good faith efforts as set forth in Section D hereof.
5. The Contractor's request for approval of a substitution must include the name, address, and principal official of the proposed substitute subcontractor and the dollar value and scope of work of the proposed subcontract. If the new subcontractor is a DBE, all DBE affidavits and documents required by the contract shall be attached.
6. MATA will evaluate the submitted documentation and respond within ten (10) business days to the request for approval of a substitution. MATA's response may approve the request, seek more information; request an interview to clarify the problem or reject the proposed DBE substitution, with the reasons for the rejection stated in MATA's response. In the case of an expressed emergency need to receive the necessary decision for the sake of job progress, MATA will respond as soon as practicable.
7. Actual substitution by the Contractor may not be made prior to MATA approval. Once notified of MATA approval, the substitute subcontract must be executed within five (5) business days, and a copy submitted to the Compliance Officer, DBE Program.

## **5. Good Faith Efforts**

In order to be responsive, a Proposer must make good faith efforts to meet the DBE participation goal set forth in the contract. The Proposer must document the good faith efforts it made in that regard. Thus, the Proposal submitted to MATA must be accompanied by written documentation prepared by the Proposer evidencing all of its reasonable good faith efforts toward fulfilling the goal. These efforts must be active steps, ones that could reasonably be expected to lead to sufficient DBE participation to meet the contract DBE participation goal. Mere pro forma efforts are not acceptable and will be rejected by the Compliance Officer, DBE Program.

Good Faith Efforts require that the Proposer consider all qualified DBEs, who express an interest in performing work under the contract. This means that the Proposer cannot reject a DBE as

unqualified unless the Proposer has sound reasons based on a thorough investigation of the DBE's capabilities. Further, the DBE's standing within its industry, membership in specific groups, organizations or associations and political or social affiliation; (for example, union vs. non-union employee status) are not legitimate causes for the rejection or non-solicitation of proposals in the Contractor's efforts to meet the contract DBE participation goal.

The following are illustrative of factors, which will be considered in judging whether or not the Proposer has made adequate good faith efforts:

- a. Attendance at any pre-proposal meetings that were scheduled by MATA to inform DBEs of participation opportunities.
- b. Advertisement in general circulation, trade association, or minority and female-focused media concerning participation opportunities. Adequate time for advertisement and sufficient DBE response will be considered.
- c. Written notification to a reasonable number of specific DBEs that their participation in the contract is solicited in sufficient time to allow them to participate effectively.
- d. Follow-up of initial solicitations of interest by contacting DBEs to determine with certainty if they were interested.
- e. Documentation of efforts to negotiate with DBEs for specific sub-contracts including at a minimum:
  - i. The names, addresses, and telephone numbers of DBEs that were contacted and the date(s) of contract.
  - ii. A description of the information provided to the DBEs regarding the plans and specifications for portions of the work to be performed.
  - iii. A statement explaining why additional agreements with DBEs were not reached.
- f. For each DBE the Proposer contacted but rejected as unqualified, the reason for the Proposer's conclusion. This may include documentation of price comparisons. Receipt of a lower quotation from a non-DBE will not in itself excuse a Proposer's failure to meet the contract goal.
- g. Documentation of efforts made to assist the DBEs contacted that needed assistance in obtaining bonding or insurance required by the Proposer or MATA.
- h. Documentation of efforts to utilize the service of available minority community organizations or other organizations that provides assistance in the recruitment and placement of qualified DBEs.
- i. Documentation that the Proposer selected portions of the work likely to attract DBE participation (including dividing contracts into economically feasible units to facilitate participation).
- j. Evidence that adequate information was provided to interested DBEs about the plans, specifications and requirements of the contract, and that such information was communicated in a timely manner.

Any Proposer which MATA determines to have failed to fulfill the obligations of this section will be deemed non-responsible and will not be eligible for contract award.

MATA will not award a contract to any Proposer who does not meet the contract DBE participation goal or show good faith efforts to meet the goal. Thus, it is essential that all Proposers submit ALL relevant documentation concerning the DBE goal and/or good faith efforts in the envelope or package containing their sealed bid.

## **6. Procedure to Determine Proposer Compliance**

The Proposer must complete and sign the Letter of Intent to Perform as a DBE. The Letter of Intent must also be signed by any DBEs (prime or subcontractor). A separate Letter of Intent must be included for each DBE included in the bid. It MUST be submitted with the sealed bid. In addition, any documentation evidencing the Proposer's good faith efforts to meet the contract DBE goal must be submitted with the bid. Any proposals submitted without a completed and executed Letter of Intent and/or evidence of good faith efforts, if applicable, will be deemed non-responsive and will be rejected by MATA.

### **a. Letters of Certification**

1. A copy of each proposed DBE firm's current Certificate of Certification from the Uniform Certification Agency or the Tennessee Department of Transportation (TDOT) should be attached to the Letter of Intent to Perform as a DBE. **A firm which is in the process of certification or which is not currently certified at the date the proposals are due cannot be counted as a DBE as set forth in 49 CFR Part 26.55.**
2. All DBEs are certified to perform work in a specific specialty or specialties. The DBE firm's scope of work set forth on the Letter of Intent and Schedule of DBE Participation must conform to its stated area of specialization.

### **b. Joint Ventures**

1. Where the Proposer proposes to include in its proposal a DBE, which is a joint venturer, the Proposer must submit a fully executed copy of the joint venture agreement with its bid. The joint venture agreement must show that the DBE firm will be responsible for a clearly defined portion of the work to be performed, and that the DBE firm's capital contribution, control, management, risks and profits are commensurate with its ownership interest.

Further, the proposed joint venture agreement shall include specific details related to: 1) contributions of capital and equipment; 2) work items to be performed by the DBEs own forces; 3) work items to be performed under the supervision of the DBE; 4) the DBE management, supervisory and operating personnel to be dedicated to the performance of the project; and 5) the authority of each joint venturer to contractually obligate the joint venture and to expend funds.

Failure to submit a copy of the joint venture agreement will cause the firm to be considered by MATA to be non-responsive.

## **7. Reporting Requirements During the Term of the Contract**

- a. The Proposer shall, within five (5) business days of contract award, or prior to any work being performed, execute formal subcontracts or purchase orders with the DBE firms included in the bid. These written agreements shall be made available to the Compliance Officer upon request. All contracts between the Proposer and its subcontractors must contain a prompt payment clause as set forth in Section 8 herein.

- b. During the term of the contract, the Proposer shall submit regular “DBE Subcontractor Payment Status Reports” in a form acceptable to MATA. The frequency with which these reports are to be submitted will be determined by the Compliance Officer but in no event will reports be required less frequently than quarterly. In the absence of written notice from the Compliance Officer, the Proposer’s first “DBE Subcontractor Payment Status Report” will be due sixty (60) days after the date of contract award, with additional reports due monthly thereafter.
- c. The address for the Compliance Officer, DBE Program, is MATA, Attn: Chief Compliance Officer, ADA / DBE Administration, 1370 Levee Road, Memphis, TN 38108.

**8. Prompt Payment to Subcontractors**

- a. Prime Contractors are required to pay all subcontractors, both DBE and non-DBE, for all work which the subcontractor has satisfactorily completed, no later than ten (10) business days after the prime Contractor received payment from MATA.
- b. In addition, all retainage amounts must be returned by the prime Contractor to the subcontractor no later than fourteen (14) business days after the subcontractor has satisfactorily completed its portion of the contract work.
- c. A delay or postponement of payment to the subcontractor requires good cause and prior written approval of the Compliance Officer and the Project Manager.
- d. All prime Contractors are required to include, in each subcontract, a clause requiring the use of appropriate arbitration mechanisms to resolve all payment disputes.
- e. MATA will not reimburse Contractors for work performed unless and until the prime Contractor ensures that the subcontractors are promptly paid for the work they have performed to date as evidenced by the submittal of the “DBE Subcontractor Payment Status Report” with canceled checks/wire transfers as supporting documentation.
- f. MATA will consider failure to comply with these prompt payment requirements a contract violation, which may lead to any remedies permitted under law, including but not limited to, contract debarment.

**9. Enforcement**

- a. All Proposers are hereby advised that failure to carry out the requirements set forth above shall constitute a material breach of the contract, and after notification by MATA may result in rejection of the proposal or bids; termination of the contract; a deduction from the contract funds due or to become due the contractor; or other such remedy as the MATA deems appropriate. Failure to comply with the DBE requirements shall include but not be limited to failure to meet the established goal, failure to submit documentation of good faith efforts; failure to exert a good faith effort (as determined by MATA) to meet any established DBE participation goal; failure to adhere to DBE substitution requirements; and failure to realize the DBE participation.
- b. If awarded the contract, the Proposer acknowledges and agrees that if MATA determines that the Proposer, a DBE or any other firm retained by the Proposer has failed to comply with the DBE Program requirements or federal or state DBE Program regulations, MATA, through its Contracting Officer, shall have the sole authority and discretion to determine the extent of the monetary value to which the DBE contract goals have not been met, and to assess against and withhold monetary damages from the contractor in the full amount of that breach. MATA may impose any other remedies available at law or provided in the

contract in the event of a contract breach. The Proposer further understands and agrees that this clause authorizes MATA, through MATA's Contracting Officer, to determine and fix the extent of the damages caused by a breach of any contractual or regulatory DBE Program requirement and that the damage assessment will be enforced in addition to, and not in lieu of, any other damages or remedy provisions in the contract. By entering into a contract, the Proposer irrevocably agrees to such an assessment of damages for DBE Program purposes and authorizes MATA to make such an assessment of damages against the Proposer and to collect that assessment from any sums due the Proposer under the contract, or any other contract, or by other legal process. The Proposer makes this certification, agreement and authorization on behalf of itself, its subcontractors and suppliers, and the bid bond and contract bond sureties.

- c. The decision of the Contracting Officer shall be final and conclusive unless, within ten (10) days from the receipt, in writing, of such decision, the Proposer mails or otherwise furnishes to the Contracting Officer an appeal, in writing, addressed to the Chief Executive Officer of MATA. The Chief Executive Officer shall review the dispute, related documents and the Contracting Officer's decision. The Chief Executive Officer may consult with MATA's project manager, the Contracting Officer or any other person deemed necessary by the Chief Executive Officer. The decision of the Chief Executive Officer shall be final and conclusive unless, within 10 days from the date of the receipt of such decision, in writing, the Proposer mails or otherwise furnishes to the Contracting Officer an appeal, in writing, addressed to the Board of the Memphis Area Transit Authority. The decision of the Board or its duly authorized representative for the determination of such appeal shall be final and conclusive unless in proceedings initiated by either party for review of such decision in a court of competent jurisdiction, the Court determines the decision to have been fraudulent, or capricious, or arbitrary, or so grossly erroneous as necessarily to imply bad faith or is not supported by substantial evidence. In connection with any appeal proceeding under this section, the Proposer shall be afforded an opportunity to be heard and to offer evidence in support of its appeal. Pending final decision of a dispute hereunder, the Proposer shall proceed diligently with the performance of the contract and in accordance with the Contracting Officer's decision.

Failure of any party to timely respond to a request for information may be deemed by MATA that such party does not desire to participate in the proceeding, does not contest the matter, or does not desire to submit a response; and, in such event, the appeal will proceed and will not be delayed due to the lack of a response. Upon receipt and review of written submissions and any independent investigation deemed appropriate by MATA, the Chief Executive Officer shall either (a) render a decision which shall be final and advise all interested parties of same in writing, or (b) at the sole election of the Chief Executive Officer, conduct an informal hearing at which the interested participating parties will be afforded an opportunity to present their respective positions and facts, documents, justification, and technical information in support thereof. h. Changes in the specifications will be made by written addendum by MATA and will be forwarded to all persons and firms to whom Proposal documents have been furnished.

7. Proposal Withdrawal -

a. Each and every Proposer who submits his Proposal specifically waives any right to withdraw it except as hereinafter provided. c. MATA reserves the right to award Proposals singularly or collectively on any of the Proposal items.

d. The Contract shall be awarded according to Section 5.0 of Section A.

11. Proposal Price Form - If MATA includes a Proposal Price Form in the RFP, Proposals must be

submitted on the form provided. Each item should be listed separately on the form. Proposals submitted in any other form may be considered non-responsive and may be rejected. Proposals may be submitted on any or all items in this Proposal request.

12. Protest Procedures - Protests may be made by prospective Proposers whose direct economic interest would be affected by the award of a Contract, or by failure to award a Contract. Protests must be submitted to MATA in accordance with these procedures and time requirements. Protests must be complete and contain all issues that the protestor believes relevant.

- a. Proposal protests alleging restrictive specifications or improprieties which are apparent prior to proposal closing time or receipt of proposals must be submitted in writing to the Contracting Officer and must be received seven days prior to Proposal closing time or receipt of Proposals. If the written protest is not received by the time specified, Proposals may be received, and award may be made in the normal manner unless the Contracting Officer determines that remedial action is required. Oral protests not followed up by a written protest will be disregarded. The Contracting Officer may request additional information from the appealing party and information or a response from other Proposers, which shall likewise be submitted in writing to the Contracting Officer not later than ten days from the date of MATA's request. So far as practicable, appeals will be decided upon the basis of the written appeal, information, and written response submitted by the appealing party and other Proposers; all parties are urged to make written submissions as complete as possible. Failure of any party to timely respond to a request for information may be deemed by MATA that such party does not desire to participate in the proceeding, does not contest the matter, or does not desire to submit a response; and, in such event, the protest will proceed and will not be delayed due to the lack of a response. Upon receipt and review of written submissions and any independent investigation deemed appropriate by MATA, the Contracting Officer shall either (a) render a decision, or (b) at the sole election of the Contracting Officer, conduct an informal hearing at which the interested participating parties will be afforded an opportunity to present their respective positions and facts, documents, justification, and technical information in support thereof. Parties may, but are not required to, be represented by counsel at the informal hearing, which will not be subject to formal rules of evidence or procedures. Following the informal hearing, the Contracting Officer shall render a decision, which shall be final and advise all interested parties thereof in writing but no later than 10 days from the date of the informal hearing.
- b. Proposal protest against the making of an award by the MATA Board must be submitted in writing to the Contracting Officer and received by the Contracting Officer within seven days of the award by the MATA Board. The process for resolving protests listed above in Section (a) will be followed for any protest received under this section.

Notice of the protest and the basis therefore will be given to all prospective Proposers. In addition, when a protest against the making of an award by the MATA Board is received and it is determined to withhold the award pending disposition of the protest, the Proposers whose Proposals might become eligible for award shall be requested before expiration of

the time for acceptance, to extend or withdraw the Proposal.

Where a written protest against the making of an award is received in the time specified, award will not be made prior to seven days after resolution of the protest unless MATA determines that:

1. The item(s) to be procured or service to be performed is urgently required.
2. Delivery or performance will be unduly delayed by failure to make award promptly; or,
3. Failure to make award will otherwise cause undue harm to MATA or the Federal Government.

- c. Protests made after contract award shall be received no later than seven calendar days afterwards. Protests received after award will be reviewed by the Contracting Officer and MATA's General Counsel.

In instances where the award has been made, the CONTRACTOR shall be furnished with the notice of the protest and the basis therefore. If the CONTRACTOR has not executed the Contract as of the date the protest is received by MATA, the execution of the Contract will not be made prior to seven days after resolution of the protest unless MATA determines that:

1. The item(s) to be procured or service to be performed is urgently required;
2. Delivery or performance will be unduly delayed by failure to make award promptly; or,
3. Failure to make award will otherwise cause undue harm to MATA or the Federal Government.

The process for resolving protests listed above in Section (a) will be followed for any protest received under this section.

- d. Appeals and requests for reconsideration of the determination of the Contracting Officer of protests under (a), (b) and (c) must be submitted to the Chief Executive Officer and received within seven days after the date of the written determination by the Contracting Officer. The Chief Executive Officer may request additional information from the appealing party and information or a response from other Proposers, which shall likewise be submitted in writing to the Chief Executive Officer not later than 10 days from the date of MATA's request. So far as practicable, appeals will be decided upon the basis of the written appeal, information, and written response submitted by the appealing party and other Proposers; all parties are urged to make written submissions as complete as possible. Failure of any party to timely respond to a request for information may be deemed by MATA that such party does not desire to participate in the proceeding, does not contest the matter, or does not desire to submit a response; and, in such event, the appeal will proceed and will not be delayed due to the lack of a response. Upon receipt and review of written submissions and any independent investigation deemed appropriate by MATA, the Chief Executive Officer shall either (a) render a decision, or (b) at the sole election of the Chief Executive Officer, conduct an informal hearing at which the interested participating parties will be afforded an opportunity to present their respective positions and facts, documents, justification, and technical information in support thereof. Parties may, but are not required to, be represented by counsel at the informal hearing, which will not be subject to formal rules of evidence or procedures. Following the informal hearing, the Chief Executive Officer shall render a decision, which shall be final and advise all interested parties thereof in writing but no later than 10 days from the date of the informal hearing.

- e. Under certain limited circumstances, an interested party may protest to the Federal Transit Administration (FTA) the award of a Contract pursuant to an FTA grant. FTA's review of any protest will be limited to:

1. Alleged failure of MATA to have written protest procedures or alleged failure to follow such procedures.
  2. Alleged violations of a specific Federal requirement that provides an applicable complaint procedure, which shall be submitted and processed in accordance with that Federal regulation.
- f. Protestors shall file a protest with FTA not later than five working days after a final decision of MATA's Chief Executive Officer is rendered under the MATA protest procedure. In instances where the protestor alleges that MATA failed to make a final determination on the protest, the protestor shall file a complaint with FTA not later than five Federal working days after the protestor knew or should have known of MATA's failure to render a final determination on the protest.
- g. Submission of Protest to FTA
1. Protests shall be filed with the appropriate FTA Regional Office with a concurrent copy to MATA.
  2. The protest filed with FTA shall:
    - (i) Include the name and address of the protestor.
    - (ii) Identify MATA project number and the number of the Contract Solicitation.
    - (iii) Contain a statement of the grounds for the protest and any supporting documentation. This should detail the alleged failure to follow protest procedures or the alleged failure to have procedures and be fully supported to the extent possible.
    - (iv) Include a copy of the local protest filed with MATA and a copy of the MATA decision, if any.
13. Correspondence -The Proposer is required to show on all correspondence with MATA and FTA, the following: RFP No. 25-09 communication with MATA should be forwarded directly to Ashley Best, Sr. Contract Administrator at MATA, 40 S. Main Street, Suite 1200, Memphis, TN 38103 or emailed to [abest@matatransit.com](mailto:abest@matatransit.com).

In accordance herewith, the parties to this Contract submit to the jurisdiction of the courts of the State of Tennessee, located in Shelby County, Tennessee.

This Contract may not be modified, amended, or assigned except by written agreement duly signed by both parties.
- c. At the election of MATA, the invalidity or illegality of any provisions of this Contract, other than arising from the fiscal inability of MATA to pay the compensation due to the CONTRACTOR as same becomes due, as determined by a court of last resort of competent jurisdiction, shall not affect the validity of the remainder of this Contract, and this Contract shall remain in full force and effect as if such illegal or invalid provisions were not contained herein.

17. Compliance with Applicable Law -

- a. In the performance of its obligations pursuant to this Contract, the CONTRACTOR shall comply with all applicable provisions of Federal, State, and local law in any manner effecting the conduct of the work and all prohibitive orders and instructions issued by the State and Federal Government regarding fortifications, military, and naval establishments and other areas.

All standards or limits within FTA's Master Agreement are minimum requirements, unless modified by FTA.
- c. The CONTRACTOR agrees to comply with FTA Circular 4220, "Third Party Contracting Requirements", any revisions or replacement thereof, and applicable Federal regulations or requirements, including FTA third party contracting regulations when promulgated.

The books, records, and documents of the CONTRACTOR, insofar as they relate to work performed or money received under the Contract, shall be maintained in conformity with generally accepted accounting principles for a period three full years from the date of final payment, and shall be subject to audit, at any reasonable time upon reasonable notice, by MATA, the State of Tennessee or the Comptroller of the Treasury or their duly appointed representatives, or a licensed independent public accountant. Further, the records shall be maintained for a period not less than that recommended in the Uniform Manual for Development Districts of Tennessee, published by the Comptroller of the

- c. In the event any Federal or State agency audits MATA, the CONTRACTOR shall provide whatever records, information, and assistance as MATA may reasonably require.
  - d. The CONTRACTOR shall provide information and assistance requested by MATA for progress reports required of MATA by Federal or State Government, or agencies.
19. Equal Employment Opportunity - In the performance of its duties hereunder, the CONTRACTOR shall not discriminate against any employee or applicant for employment because of disability, race, color, age, creed, sex, religion or national origin. The CONTRACTOR shall take affirmative action to ensure that applicants are employed and that employees are treated during employment without regard to their disability, race, color, religion, sex, age, or national origin. Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The CONTRACTOR shall insert the foregoing provisions (modified only to show the particular contractual relationship) in all subcontracts, except subcontracts for standard commercial supplies or raw materials.
20. Interests of Federal and State Governmental Officials -
- a. No member of or delegate to the Congress of the United States shall be admitted to any share or part of this Contract, or to any benefit arising therefrom.
  - b.     2. The CONTRACTOR agrees to comply with the notification of violating facilities provisions of Executive Order No. 11738, “Administration of the Clean Air Act and the Federal Water Pollution Control Act with Respect to Federal Contracts, Grants, or Loans”, 42 U.S.C. § 7606 note.
  - d. Use of Public Lands. The CONTRACTOR agrees that no publicly owned land from a park, recreation area, or wildlife or waterfowl refuge of national, State, or local significance as determined by the Federal, State, or local officials having jurisdiction thereof, or any land from a historic site of national, State, or local significance may be used for the Project unless the FTA makes the specific findings required by 49 U.S.C. § 303.
  - e. Wild and Scenic Rivers. The CONTRACTOR agrees to comply with the Wild and Scenic Rivers Act of 1968, as amended, 16 U.S.C. §§ 1271 *et seq.* relating to protecting components of the national wild and scenic rivers system.

The CONTRACTOR agrees that those mitigation measures are incorporated by reference and made part of the Contract. As soon as the Federal Government and the CONTRACTOR reach agreement on any deferred mitigation measures, the CONTRACTOR agrees that those measures will then be incorporated by reference and made part of the Contract. The CONTRACTOR agrees that any mitigation measures agreed upon by MATA and the Federal Government may not be modified or withdrawn without the express written approval of the Federal Government.
22. Energy Conservation - The CONTRACTOR shall comply with mandatory energy efficiency standards and policies relating to energy efficiency which are contained in the State Energy Conservation Plan issued in compliance with the Energy Policy and Conservation Act (42 U.S.C. 6321 *et. Seq.*)
23. **Patent Rights – (Applicable to Contracts For Planning, Research, Development and/or Demonstration Projects Only)**
- a. General. If any invention, improvement, or discovery by the CONTRACTOR at any tier of the project is conceived or first actually reduced to practice in the course of or under the Project, and that invention, improvement, or discovery is patentable under the laws of the United States of America or any foreign country, the CONTRACTOR agrees to notify MATA immediately and provide a detailed report in a format satisfactory to MATA.
  - b. Federal Rights. The CONTRACTOR agrees that its rights and responsibilities pertaining to that invention, improvement, or discovery will be determined in accordance with applicable Federal laws, regulations, including any waive thereof. Absent a determination in writing to the contrary by the Federal Government, the CONTRACTOR agrees to transmit to MATA those rights due the Federal Government in any invention, improvement, or discovery resulting from the contract as specified in U.S. Department of Commerce regulations, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," 37 C.F.R. Part 401 (implementing 35 U.S.C. §§ 200 *et seq.*), irrespective of the status of MATA or the CONTRACTOR at any tier of the Project (i.e., a large business, small business, State government or State instrumentality, local government, nonprofit organization, institution of higher education, individual, etc.)
  - c. License Fees and Royalties. FTA considers income earned from license fees and royalties for patents, patent applications, and inventions produced under the Project to be program income. Except to the extent FTA determines otherwise in writing, as provided in 49 C.F.R. Parts 18 and 19, the CONTRACTOR has no obligation to the Federal Government with respect to that program income, apart from compliance with 35 U.S.C §§ 200 *et seq.*, which applies to patent rights developed under a research project.

24. Rights in Data and Copyrights Requirements

- a. Definition. The term “subject data” used in this Section 23 means recorded information, whether or not copyrighted, that is delivered or specified to be delivered under the contract. Examples include, but are not limited to: computer software, standards, specifications, engineering drawings and associated lists, process sheets, manuals, technical reports, catalog item identifications, and related information. “Subject data” does not include financial reports, cost analyses, or similar information used for contract administration.
- b. Federal Restrictions. The following restrictions apply to all subject data first produced in the performance of the contract:
  1. Except for its own internal use, the CONTRACTOR may not publish or reproduce subject data in whole or in part, or in any manner or form, nor may the CONTRACTOR authorize others to do so without the written consent of the Federal Government, until such time as the Federal Government may have either released or approved the release of such data to the public.
  2. The restriction on publication of Subsection 23.b. (1) of this contract, however, does not apply to a contract with an institution of higher learning.
- c. Federal Rights in Data and Copyrights. MATA and the CONTRACTOR agree to provide to the Federal Government a royalty-free, non-exclusive and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use, for Federal Government purposes the “subject data” described in Subsections 23.c. (1) and 23.c. (2) of this CONTRACT. As used herein, “for Federal Government purposes,” means use only for the direct purposes of the Federal Government. Without the copyright owner’s consent, the Federal Government may not provide or otherwise extend to other parties of the Federal Government’s license to:
  1. Any subject data developed under the contract, whether or not a copyright has been obtained; and
  2. Any rights of copyright to which MATA and/or the CONTRACTOR purchase ownership with Federal assistance.
- d. Special Federal Rights in Data for Research, Development, Demonstration, and Special Studies (Planning) Projects. In general, FTA’s purpose in providing financial assistance for a special studies (planning), research, development, or demonstration Project is to increase transportation knowledge, rather than limit the benefits of the Project to participants in the Project. Therefore, unless FTA determines otherwise, MATA agrees that, in addition to the rights in data and copyrights of Subsection 23.c of this contract, FTA may make available to MATA or the CONTRACTOR, either FTA’s license in the copyright to the subject data or a copy of the subject data. If the Project is not completed for any reason whatsoever, all data developed under the Project shall become subject data as defined in Subsection 23.a of this contract and shall be delivered as the Federal Government may direct. This Subsection 23.d. of this CONTRACT, however, does not apply to adaptations of automatic data processing equipment or programs for MATA’s use when the costs thereof are financed with Federal funds for capital projects.
- e. Hold Harmless. Except as prohibited or otherwise limited by State law, upon request by the Federal Government, MATA and the CONTRACTOR agree to indemnify, save, and hold harmless the Federal Government and its officers, agents and employees acting within the scope of their official duties against any liability, including costs and expenses, resulting from any willful or intentional violation by MATA or the CONTRACTOR of proprietary rights, copyrights, or right of privacy, arising out of the publication, translation, reproduction, delivery, use, or disposition of any data furnished under this contract. MATA nor the CONTRACTOR shall be required to indemnify the Federal Government for any such liability caused by the wrongful acts of Federal employees or agents.

- f. Restrictions on Access to Patent Rights. Nothing in this Section 23 of this contract pertaining to rights in data shall imply a license to the Federal Government under any patent or be construed to affect the scope of any license or other right otherwise granted to the Federal Government under any patent.
  - g. Statutory Requirements to Release Data. To the extent required by U.S. DOT regulations, "Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Non-Profit Organization," at 49 C.F.R. § 19.36(d), or by subsequent Federal laws or regulations, MATA and the CONTRACTOR understand and agree that the data and information submitted to the Federal Government may be required to be released in accordance with the provisions of the Freedom of Information Act (or another Federal statute providing access to such records).
25. Vendor Responsibility - It is the intent of these specifications to provide for goods of first quality and the workmanship must be the best obtainable in the various trades. The design of the goods, which the manufacturer proposes to furnish, must be of substantial and durable construction in all respects. No advantage shall be taken by the Proposer or manufacturer in the omission of any part or detail, which goes to make the product complete and ready for installation and use.
- The vendor shall assume responsibility for all materials used in the Proposal item whether the vendor manufactures the same or purchased ready-made from a source outside the vendor's company.
26. References - Proposer shall provide with his Proposal at least five references for projects similar to that described in this Invitation for Proposal. The following must be provided: company name, address and telephone number, fax number, a contact person, and the dates of the contract. The references given should be on contracts within a 12-month period prior to the Proposal due date.
27. Delivery - Proposals shall provide for delivery of all parts or equipment to MATA, 1370 Levee Road, Memphis, TN 38108, unless stated otherwise in Sections A or B.
28. Delivery Schedule - Hours of delivery shall be any weekday between 8:30 a.m. and 4:00 p.m., unless stated otherwise in Section A or B.
29. Preference for United States Products and Services.

To the extent applicable, the CONTRACTOR agrees to comply with the following U.S. preference requirements:

- a. Buy America. The CONTRACTOR agrees to comply with 49 U.S.C. § 5323(j), FTA regulations, "Buy America Requirements," 49 C.F.R. Part 661, and implementing guidance FTA may issue. A Buy America certificate (Exhibit II), as per attached format, must be completed and submitted with the Proposal or the Proposal will be considered non-responsive.

A waiver from the Buy America provision may be sought by MATA if grounds for the waiver exist. Section 165a of the Surface Transportation Assistance Act of 1982 permits FTA's participation in this Contract only if iron, steel and manufactured products used in the Contract are produced in the United States. This applies to procurements of \$150,000 and over.

- b. Cargo Preference—Use of United States-Flag Vessels. The CONTRACTOR agrees to comply with U.S. Maritime Administration regulations, "Cargo Preference—U.S.-Flag Vessels," 46 C.F.R. Part 381, to the extent those regulations apply to the Project. Specifically, the CONTRACTOR agrees:
  - 1. To utilize privately owned United States-Flag Commercial vessels to ship at least 50% of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers) involved, whenever shipping any equipment, materials, or commodities pursuant to this section, to the extent such vessels are available at fair and reasonable rates to United States-Flag Commercial vessels.
  - 2. To furnish within 30 days following the date of loading for shipments originating within the

United States, or within 30 working days following the date of loading for shipment originating outside the United States, a legible copy of a rated, On-Board Commercial Ocean Bill-Of-Lading in English for each shipment of cargo described in paragraph one above to MATA (through the prime CONTRACTOR in the case of subcontractor Bills-of-Lading) and to the Division of National Cargo, Office of Market Development, Maritime Administration, 400 Seventh Street, S.W., Washington, DC 20590, marked with appropriate identification of the project.

- c. Fly America. The CONTRACTOR understands and agrees that the Federal Government will not participate in the costs of international air transportation of any persons involved in or property acquired for the Project unless that air transportation is provided by U.S.-flag air carriers to the extent service by U.S.-flag air carriers is available, consistent with the requirements of the International Air Transportation Fair Competitive Practices Act of 1974, as amended, 49 U.S.C. § 40118, and U.S. General Services Administration (U.S. GSA) regulations "Use of United States Flag Air Carriers," 41 C.F.R. §§ 301.131 through 301.143.
30. Debarment, Suspension, and Other Responsibility Matters - Unless otherwise permitted by law, any person that is debarred, suspended, or voluntarily excluded may not take part in a federally covered transaction, either as participant or a principal, during the period of debarment, suspension, or voluntary exclusion. Accordingly, neither FTA nor MATA may enter into any transaction with such debarred, suspended or voluntarily excluded persons during such period.  
  
A certification process has been established by 49 CFR, Part 29 as a means to ensure that debarred, suspended, or voluntarily excluded persons do not participate in a federally assisted project. Each CONTRACTOR and subcontractor must provide to MATA a signed certification in compliance with 49 CFR, Part 29 as part of this Contract. (Exhibit III)
  31. Prohibited Interests - No member, officer, or employee of MATA or the City of Memphis during his or her tenure or one year thereafter shall have interests, direct, or indirect in this Contract or the proceeds thereof, or if a conflict, real or apparent, as defined in MATA's Code of Ethics, would be involved.
  32. Copeland "Anti-Kickback" Act, as amended. The CONTRACTOR shall comply with the Copeland "Anti-Kickback" Act, 18 U.S.C. 874 and 40 U.S.C. 276c, and U.S. Department of Labor (DOL) regulations, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in part by Loans or Grants from the United States", 29 C.F.R. Part 3. In addition to other requirements that may apply:
    - a. The CONTRACTOR will not induce, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which that employee is otherwise entitled.
    - b. MATA agrees to report every suspected or reported violation of the Copeland "Anti-Kickback" Act or its Federal implementing regulations to FTA.
  33. Termination of Contract -
    - a. MATA may terminate this Contract without cause by giving fifteen (15) days written notice to the CONTRACTOR thereof and specifying the effective date of termination.  
  
If the Contract is terminated by MATA as provided herein, the CONTRACTOR will be paid for its satisfactory services completed through the date of termination specified by MATA.
    - b. If, through any cause, the CONTRACTOR shall fail to fulfill in timely and proper manner its obligations under this Contract, or shall violate any of the covenants, agreements, or stipulations of this Contract, MATA shall thereupon have the right to terminate this Contract by giving written notice to the CONTRACTOR for such termination and specifying the effective date of such termination. In the event of termination, the CONTRACTOR shall be entitled to just and equitable compensation for any satisfactory work through the date of termination specified by MATA.

- c. In the event of default by the CONTRACTOR, MATA shall be entitled to all of its reasonable expenses, and its costs to include, but not limited to its reasonable attorney's fees incurred by reason of such default.

MATA may require a pre-award audit, and potential contractors shall be prepared to submit data relevant to the proposed work which will allow MATA to sufficiently determine that the proposed price is fair, reasonable, and in accordance with Federal, State, and local regulations. Procurements requiring Proposals will be treated as a negotiated procurement and MATA reserves the right to negotiate with a single Proposer and/or all Proposers in the competitive range to achieve a fair and reasonable price. If any of the parties cannot agree upon a negotiated price, MATA reserves the right to reject any or all Proposals.
- Contract change orders or modifications will be subject to a cost analysis.

40. No Contingency Fees - The CONTRACTOR shall warrant that no person or selling agency has been employed or retained to solicit or secure this Contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the CONTRACTOR for the purpose of securing business, for the breach or violation of which warranty MATA shall have the right to annul said Contract without liability or, in its discretion, to deduct from the Contract price or consideration the full amount of such commission, percentage, brokerage or contingent fee.

Pending final decision of a dispute hereunder, the CONTRACTOR shall proceed diligently with the performance of the Contract and in accordance with the Contracting Officer's decision.
